Name of Utility Company: Rocky Mountain Power Acknowledge public record: True

Comment: My power usage over the last two years has gone down, I have bought power saving items clothes washer, dryer etc. I spent \$5000 putting in doors and windows, yet the more I spend to conserve power the more my power bill stays the same. Maybe its time for pacific corp. to start conserving, instead of consuming. That's a question I have for the Idaho public utilities commission, have you audited pacific corp. to see why they claim poverty all the time.
